

CHINA'S EMPRESS REPORTED DEAD

The Italian Minister Cables
the Startling News
From Peking.

IS NOT YET CONFIRMED

The United States Makes a
Favorable Reply to the
French Note.

PEACE NEGOTIATIONS OPENED

Rome, Oct. 11.—The Italian minister
at Peking cables that the Dowager Em-
press of China is reported dead.

Waldsee Gives Orders.

Shanghai, Oct. 11.—Advices from
Tientsin say that the contemplated
expedition to Pao-Ting-Fu will leave
Tientsin today in compliance with
orders issued by Waldsee. It con-
sists of five thousand troops, British,
Germans, Italians and French. It
will connect near Pao-Ting-Fu with
the expedition from Peking by the
British. No Americans, Russians or
Japanese will participate. A large
force of Chinese are reported in the
vicinity of Pao-Ting-Fu and fighting
is expected.

Russians in Manchuria.

New Chung, Oct. 11.—The Rus-
sians have occupied Mukden, the cap-
ital of Manchuria, and captured Tien
Ling, forty miles north.

More Missions Looted.

Hong Kong, Oct. 11.—Riots have oc-
curred at Wu Chow, Way Chow,
Chung Luk, Tung Kiu and Kai Ting
Chow. Five missions were looted
there. A French gun boat has gone
to the scene.

PLEASED WITH FRENCH NOTE.

Uncle Sam Anxious to Establish Peace
in Chinese Empire.

Washington, Oct. 11.—Late yester-
day afternoon the reply of the United
States to the French note concerning
China was completed at the State De-
partment and handed to M. Thiebaut,
charge d'affaires of the French em-
bassy. The contents of the note will
probably be made public today.

The reply is favorable. There are
no phases of it which do not meet
with the approval of the administra-
tion, on the whole it offers a satisfac-
tory basis of negotiation. This gov-
ernment hopes all the powers will
unite upon common ground, and get
the negotiations actually under way.
There is excellent prospect that this
will be done in the end, but how much
time may be required no one is able
to guess.

One power, it at all times appears
to officials who are handling this mat-
ter, is not overanxious for peace, but
would like to keep the waters troubled
as an excuse for its military force to
gain a little belated glory.

Allies Take Back Palace.

London, Oct. 11.—Dr. Morrison, the
Times correspondent, in a message
from Peking under the date of Oct. 4,
says:

"Yesterday the British and Italians
occupied the summer palace, displac-
ing the Chinese officials, to whom
the Russians, without consulting the
allies, had restored the buildings.
Similarly the Germans yesterday oc-
cupied the Dowager Empress' palace,
which the Russians had returned to
the Chinese after they had looted it.
"The Russians continue to with-
draw their troops from Peking."

BOERS INTEND TO SURRENDER OCT. 26

ghers Across the Vaal River—
Great Cruelty to Natives.

Lydenburg, Oct. 11.—It is reported
in the British camp that the Boers in-
tend to make a general surrender on
Oct. 26th.

Roberts Reports Skirmishes.

London, Oct. 11.—Today is the an-
niversary of the beginning of the
Boer war and Roberts reports that
Col. Delisle's infantry has been en-
gaged for the last two or three days
with the enemy near Reitzburg, driv-
ing the Boers across the Vaal river.

Cruel to the Natives.

Berlin, Oct. 11.—The Kolonial Zeit-
schrift today accuses governor Libert
of German East Africa with fearful
cruelty to the natives in his jurisdic-
tion. Forty inhabitants of one vil-
lage were shot dead for refusing to
pay a few rupees. Altogether the pa-
per says two thousand have been killed
for refusing to pay taxes.

Mrs. Edith Nott and daughter Etta
attended a wedding at Beloit yesterday.

TYPHOID FEVER IS IN RACINE.

Board of Health Alarmed Over the In-
crease of the Scourge.

Racine, Wis., Oct. 11.—Physicians in
this city are greatly alarmed over the
number of cases of typhoid fever and
yesterday the board of health held
a meeting for the purpose of investi-
gating the cause and if possible pre-
venting a further spread of the dis-
ease.

At present there are over fifty cases
in the city, and it has been learned
that certain physicians have not made
prompt reports. All the schoolhouses
are to be disinfected with formalde-
hyde and the health officer has been
ordered to make a thorough inspection
of the yards and dwellings in the
city.

silver cups and silk banners.

EX. PRES. HARRISON PRAISES M'KINLEY

REPUBLICAN POLICIES HAVE
BEEN VINDICATED.

Democratic Success Will Renew Old
Conditions From Which the Coun-
try Escaped—Sees Menace in Bry-
anism—The Election of Bryan Will
Throw Business in Great Confusion

New York, Oct. 11.—Former Pres-
ident Benjamin Harrison, in a formal
interview, last night, gave his reasons
for favoring the re-election of Pres-
ident McKinley. He explained also
why he would make no speeches dur-
ing the campaign and recited the fact
which had been misconstrued on his
part toward the present administra-
tion. Regarding the main issue, the
success of the Republican party this
fall, he spoke to the point as follows:

Full Dinner Bucket.

"The economic policies of the Re-
publican party have been vindicated
by the remarkable and general pros-
perity that has developed during
a period of great depression. A
change of administration this fall
would almost certainly renew condi-
tions from which we have so happily
escaped. The full dinner bucket is
not a sordid emblem. It has a spiri-
tual significance for the spiritually
minded. It means more comfort for
the wife and family, more schooling,
and less work for the children, and a
margin of saving for sickness and old
age."

His Opinion of Bryan.

Regarding Mr. Bryan he was equal-
ly specific, referring particularly to his
speech in Carnegie Hall in 1896 as
representing his present sentiments.

He said:
"The general reasons I gave in my
Carnegie Hall speech in 1896 why Mr.
Bryan should not be elected still hold
good with me. His election would, I
think, throw governmental and busi-
ness affairs into confusion. We should
not aid the election of a president
who would admittedly, if he could, de-
stroy the gold standard and other
things that we value even more upon
the deceptive suggestion that he has
been bound and that the republican
party will, after defeat, still have
strength enough to save the temple."

"It will be much better not to allow
the man with such destructive tenden-
cies so much as to lean against its
pillars."

BUYS THE KANSAS MIDLAND.

St. Louis and San Francisco Road Pays
\$1,100,000 for Property.

St. Louis, Mo., Oct. 11.—At a specia-
meeting of the stockholders of the St.
Louis & San Francisco railroad, held
in the general office of the company,
acquisition of the road and property
of the Kansas Midland railway was
authorized. The Kansas Midland ex-
tends from Wichita to Ellsworth, Kas.,
a distance of 106 miles.

An issue of \$1,800,000 of purchase
money 4 per cent bonds, of which \$1-
100,000 will be paid for the property
and \$700,000 reserved for future im-
provements and additions to the prop-
erty, was authorized.

The old board of directors of the
Wabash railroad have been elected at
the annual meeting of the stockhold-
ers held here. They are as follows:

O. D. Ashley, George J. Gould, Ed-
win Gould, Russell Sage, S. C. Rey-
nolds, John T. Terry, P. R. Wycoff,
Edgar T. Welles, Thomas H. Hubbard,
C. C. Macrae, Francis Pavy, Henry K.
McHarg, C. J. Lawrence.

Favor American Ship.

Fifty years ago southern sentiment
was rapidly crystallizing in favor of a
government aided American merchant
marine, which sentiment is rapidly re-
viving in that section notwithstanding
the denunciation of the ship subsidy
bill in the Democratic national plat-
form this year.

DISPLACED AS SECRETARY OF
BADGER GRAND LODGE.

The Knights Templar Conclude Their
Annual Session at Milwaukee by
Electing Officers—General Bragg's
Speech in the Cream City Tonight
Will Be an Event.

Milwaukee, Oct. 11.—The grand
lodge of Good Templars sprung a big
surprise at its session this morning
when in the election of officers it
displaced Colonel B. F. Parker, the
veteran secretary of the lodge, for a
younger man. The new secretary
is H. A. Larson of Green Bay, former-
ly grand superintendent of the juve-
nile templars. The remaining officers
elected were:

H. Putney and J. L. Bostwick.

owoc and L. H. Moorehouse of Milwa-
ukee were elected delegates to the mis-
sionary council which holds its an-
nual meeting in Louisville the latter
part of this month.

Knights Templar Commandary.

The grand commandery of Knights
Templar of Wisconsin, which has been
in session the past few days in the
Masonic Temple, elected C. A. Lamore-
aux of Ashland as eminent grand com-
mander and W. W. Perry of Madison
as the grand secretary at the session
today. By the election of Mr. Perry
as grand secretary the secretaryship
of the two grand bodies in the state
is held by one man. Mr. Perry,
though now a resident of Madison
will move to Milwaukee in a short time
and make that city his home.

Gen. Bragg Tonight.

Tonight Gen. Edward S. Bragg of
Fond du Lac will speak to the gold
democrats of the city at the Pabst
Theater. James G. Flanders, one of
the leading democrats who was
against Bryan four years ago will
preside. General Bragg will be es-
corted from the Hotel Pfister to the
theater by members of his old com-
mand, the Iron Brigade.

Boers for Badger State.

It is stated that 300 Boers will come
to Wisconsin to build new homes in
the northern part of the state. The
colony will come from around Lor-
enzo Marques, and will locate in Lin-
coln and Wood counties on lands
owned by a company which has had
agents working among them for some
time past.

WISCONSIN RIVER FALLS FIVE INCHES

Danger of a Break in the Portage
Levee, However, Still Continues—
Crevasse Would Bring Ruin

Portage, Wis., Oct. 11.—During the
last night the water in the Wisconsin
river at this point fell five inches, due
to the crevasses in the levee above the
city, but all day it has been at a
standstill, the vast volume of water
that rushes across the lowlands west
of the city again finding its way into
the Wisconsin through the Baraboo
river at a point three miles below the
city and holding back the current.

During yesterday the water spread
for several miles over the lowlands
west and northwest of the city, and in-
calculable damage has been done to
buildings, crops and live stock. It
was thought in the afternoon, that un-
less the wind rose to a gale, the levee
protecting the south side of the city
could be saved.

At six o'clock in the evening it is
holding back the wall in the Wiscon-
sin, and this, with the water that is
emptying into the river from the Bar-
aboo, has caused another rise here.
What its extent or duration may be
cannot be conjectured.

An extra force of men has been tel-
egraphed for, and will be here on a
special train and be put to work on
the levee tonight, re-enforcing the
weak spots. A crevasse where the
break is now threatened would devast-
ate the south side of the city. If
this can be averted, and the water
again recedes, it is possible the worst
danger may be past.

RAPID GROWTH OF A GREAT NATION

SOME PECULIARITIES OF THE
TWELFTH U. S. CENSUS.

Increase of Population on the Farms
Keeps Closer to That of the Cities
Than Was Thought—The Country
Absorbs the Overflow of the Great
Cities.

Washington, D. C., Oct. 11.—Of the
75,000,000 (more or less) the exact
number is not yet known even to the
director of the census) inhabitants of
the United States, 19,670,984 dwell in
cities of 25,000 or more population.

There are 5,776,978 farms and 7,298
cattle ranches in the United States,
making a total of 5,784,276, which, es-
timating five persons—men, women
and children to a farm, represents
an agricultural population of 28,921,
380. This leaves 26,000,000 or there-
abouts in villages and towns of less
than 25,000 population.

In 1880 there were 75 cities in the
United States with a population of
25,000 or more, aggregating 9,917,822;
in 1890 there were 124 cities with 25-
000 or more, aggregating 14,834,691,
and this year there are 161 cities with
a population of 25,000 or more, mak-
ing a total of 19,670,984.

This shows an increase of 49.57 per
cent in the urban population during
the first decade, and 31.92 per cent
during the second decade. In other
words, the city population of the United
States has not increased so rapidly
during the last ten years as it did dur-
ing the previous ten years. This fact
surprises the statisticians.

Experts expected that the urban
population would show an enormous
increase during the last ten years. It
is the popular impression that most of
the immigrants from the foreign coun-
tries settle in the cities; that the at-
tractions of the city life draw people
from the villages to work in the shops
and factories, and that the boys and
girls drift from the farms to the cen-
ters of population to avail themselves
of the larger opportunities offered to
the ambitious.

But this impression seems to be ex-
aggerated. The farm population has
increased during the last ten years in
about the same proportion as that of
the cities, although the number of me-
chanical industries employing labor
has nearly doubled. In 1890 350,000
reported; this year the number is
607,221.

LIPTON AIMS TO WIN AMERICA'S CUP

In a Message to the New York Yacht
Club He Suggests a Series of
Races.

New York, Oct. 11.—That fine Irish
gentleman and thoroughbred sports-
man, Sir Thomas Lipton, is keeping
his word and is taking the first steps
in his second attempt to "lift that
cup." In other words he has for-
warded a challenge for a series of
yacht races for the America's cup, to
be sailed here in August, 1900.

New York yachtsmen are delighted.
The news of Sir Lipton's action first
came today when the London cor-
respondent of the Associated Press
cabled the following:

"Sir Thomas Lipton says that his
challenge is on board the White Star
Line steamer Gemantic, due at New
York Thursday. But he prefers that
all information as to its contents be
first given out by the New York
Yacht club. The letter challenging
contains a suggestion as to the date
of the race, which it is understood will
be in August. It is reported that the
challenging yacht will be built on the
Thames and that she will be named
Shamrock. According to rumor,
Robert Wringe, one of the command-
ers of the old Shamrock, will command
the new racer."

Georgetown, Ky., Oct. 11.—The con-
dition of Youtsey this morning is im-
proved but not sufficiently to permit
the resumption of the trial and the
case is continued till tomorrow.

AERONAUT KILLED AT GAY MILLS, WIS.

A. P. Deer of Chicago, Falls From
Parachute After Balloon Bursts
200 Feet in the Air.

Gay Mills, Wis., Oct. 11.—At the sec-
ond day's fair, which was attended
by 5,000 people yesterday, a balloon
ascension resulted in the death of A.
P. Deer, aged 34 years of Chicago.

The balloon was inflated and the as-
cension took place at four o'clock.
The balloon was an old affair, some-
what patched and leaky. When it
arose to about 160 feet, with parachute
attached, smoke began to issue from
a rend in the top. It continued to rise
to about 200 feet, when it suddenly
burst.

The balloon fell 100 feet before the
jerk of the parachute caused Deer to
lose his hold. His body fell, turn-
ing in the air and striking on the head
and shoulders, the jaw, nose and arm
were crushed, and Deer died in less
than two minutes.

TRAGIC ERROR IN NEBRASKA.

Farmers Mistaken for Bank Robbers
Are Wounded by a Posse.

York, Neb., Oct. 11.—Two men gained
access to the bank building at
McCool Junction at 2 o'clock and shat-
tered the safe with dynamite, but were
frightened away before securing any-
thing. They fled to the country.
Two farmers who cornered the
cracksmen started to town for help
and were mistaken for the robbers
themselves by a posse. The farmers
were ordered to halt, but refused and
were fired upon, both being hit with
bullet and badly but not fatally
wounded.

The robbers in the meantime escap-
ed. A large force is pursuing them.

LIVED TO BE 103 YEARS OLD.

Remarkable Life of Mrs. John Lawless
of Madison, Wis., Ended.

Madison, Wis., Oct. 11.—Mrs. John
Lawless died here last night at the
great age of 103 years. Up to her
last illness, which came ten days ago,
she retained all her mental faculties,
could read without glasses, and was
able to move about without assistance.

Mrs. Lawless was born in County
Mayo, Ireland, and was teaching
school in England when she was mar-
ried to John Lawless, who survives
her and is 87 years old. Mr. Lawless
was a state employe under Governor
Peck. The couple had no children.

TEN ARE CHOSEN FOR HALL OF FAME

EMERSON, LONGFELLOW, IRV-
ING AND HAWTHORNE.

Fulton, Morse, Whitney and Howe
Chosen to Represent the Inventors—
and Cooper and Peabody as the
Philanthropists—No Business Man
Wins a Place.

New York, Oct. 11.—The counting
of votes to decide provisionally whose
names shall be placed on the tablets in
the Hall of Fame was begun yester-
day. The officers of the Senate of
the University of New York, with the
Chancellor Henry W. McCracken acting
as chairman and Dean Edward R.
Shaw of the School of Pedagogy and
Clarence D. Ashley, Dean of the Law
School, as secretaries, met at 10:30
a. m. in the conference hall of the
university in Washington place. When
they adjourned they had selected the
names of four authors, four inventors,
and two philanthropists.

The following were those chosen:

Authors and Editors.

Ralph Waldo Emerson.....88 votes.
Henry W. Longfellow.....84 votes.
Nathaniel Hawthorne.....72 votes.
Washington Irving.....73 votes.

Inventors.

Robert Fulton.....84 votes.
Samuel F. B. Morse.....79 votes.
Eli Whitney.....66 votes.
Elias Howe.....53 votes.

Philanthropists.

Peter Cooper.....72 votes.

The canvassers counted the votes
cast for candidates in the following
classification: (a) Authors and ed-
itors, (b) business-men, (c) educa-
tors and inventors, (d) missionaries
and explorers, and (f) philanthropists.
The rules of the canvass were that
fifty-one votes, being a majority of
the 100 judges voting, were neces-
sary to make a candidate eligible.

Fail to Agree on Business-Men.

No candidates were chosen from
business-men, for none had received
the 51 votes needed for a nomination.
The highest number was reached by
Commodore Cornelius Vanderbilt, who
had 21 votes. Educators Mark Hop-
kins and Horace Mann had each re-
ceived 47 votes, not quite enough to
qualify.

Among missionaries and explorers,
Adamam Judson had 35 votes and
Daniel Boone 34. Horace Greeley had
only 9 votes from the judges selected
from among publicists, editors and
authors; 10 from scientists and pro-
fessors of history, and 12 from col-
lege presidents. Chief justices, state
and national, gave him 14 votes. The
total, 45 votes, was not enough to
nominate.

Edgar Allen Poe had only 37 votes,
and James Fenimore Cooper but 20.
Noah Webster, the lexicographer, had
35 votes.

Son of Famous Wisconsin Republican
Is Opposed to Imperialism.

Milwaukee, Wis., Oct. 11.—Paul Car-
penter, who was a republican until
this year, has become a democrat to-
night. This, with the fact that he is
a son of Wisconsin's celebrated United
States senator, Matthew H. Car-
penter, gave great interest to his first
appearance on the stump this year.
His subject was "Imperialism," and
he spoke before the Jefferson Club
Monday.

ROOSEVELT SLEPT IN A CORNFIELD

But His Voice Was Not
Husky Over in In-
diana Today

BRYAN TOURS MICHIGAN

The Democratic Candidate
Made Four Speeches Be-
fore Breakfast Today.

HOODLUMS ATTACK TEDDY

Marion, Ind., Oct. 11.—Gov. Roose-
velt slept in a cornfield just northeast
of Marion last night but his voice was
not husky this morning. Before day-
light teams and horsemen began pour-
ing into Marion, a strong republican
town and a glass center. The Gov-
ernor's train stood on the siding and
arriving bands of farmers cheered
and yelled a welcome.

Ten thousand tried to hear Roose-
velt in the court house square after
the parade. Governor Mount apolo-
gized this morning for the Fort
Wayne rowdiness saying that it was
the act of an individual and not of
an organization.

Harrison's Letter Pleases Teddy.

Anderson, Ind., Oct. 11.—At Alexan-
dria eight thousand greeted Roosevelt
who is much pleased with Harrison's
letter. Gov. Mount claims it settles
the position of Indiana. Roosevelt
spoke briefly on corporations and the
necessity of honest consideration of
their rights.

Muncie, Ind., Oct. 11.—The home of
Perry Heath gave Roosevelt the big-
gest reception of his Indiana tour so
far. Several thousand glass work-
ers met him at the depot and escort-
ed him to the platform.

BOHRMICH ASSAILS THE MONEY POWER

GOOD AUDIENCE AT MYERS
GRAND LAST NIGHT.

There Was Very Little Enthusiasm During the Address, and His Points Elicited But Little Applause—Most of Those Present Were There Only Out of Curiosity.

A large audience filled the Myers grand opera house last evening to hear Louis G. Bohmrich, of Kenosha, democratic nominee for governor of the state of Wisconsin, make his first speech to the people of Janesville, on the political issues of the day from a democratic standpoint.

Mr. Bohmrich arrived in the city on the 7:40 train from Milwaukee, and was met at the station by a committee of leading democrats composed of I. F. Connors, chairman of the democratic county committee, Hon. William Smith and P. J. Mount. A carriage was in waiting and Mr. Bohmrich was taken to the Grand Hotel, where he was entertained during his stay. The Imperial band led the way to the opera house.

Very Little Enthusiasm. During the candidates address there was very little applause. Even the notice of Bryan's name mentioned in making some comparison, was received in silence. There was a lack of enthusiasm, which was no doubt felt by the speaker. Many republicans were noticed in the audience and it is probable that at least a third of the crowd were drawn by curiosity to see and hear the democratic candidate.

Introduced by William Smith. At 8:20 Mr. Bohmrich appeared on the stage, accompanied by William Smith, and after a selection by the band, Mr. Smith introduced the speaker in a few well chosen words, in which he said that they were heretofore in a peculiar position. They had a candidate for president of the United States and that all that could be said against him by the opposition was, that he was too honest; and a candidate for governor who was not a native born American.

Mr. Bohmrich opened his speech by saying that he was glad to see a large crowd present, as the opposition press had said he spoke to small audiences, and at the times he had large audiences, he was sick.

He had no respect for a democrat or republican who followed his party because he was a democrat or a republican, or because his father had been one before him. Great issues are decided by men who do not follow the party for this reason.

Subject of Imperialism. He took up the subjects of Imperialism and Militarism, and said that the republican party claimed these were necessary, and a large standing army must be maintained to support them, and that the money question was settled. Imperialism was not Americanism, it was the opposite. He thought there were still some people who did not believe the Declaration of Independence was a lie.

Mr. Bohmrich read the money plank of the Philadelphia platform, and compared the National Bank act with the wild cat money cry of 1892. He asked which was the better, a paper dollar based on nothing but national credit, or the honest silver dollar of today? He would rather go down under a crushing defeat than to deceive the people in a single vote.

He said of Roosevelt, he was one of those who dress up and parade in rough rider uniforms—rough riders of the declaration of independence. Under republicanism the people have rights above the government and under imperialism the rights of the people come down.

The War With Spain. He took up the war with Spain, told how it began. He was in sympathy with the president and would not criticize him for doing what he considered his duty, but in this case the war of humanity and sympathy had been changed to the English standard of conquest and slaughter. The president said forcible annexation cannot be thought of. It would be against the American code of morality.

Under this line of thought he referred to the Sultan of Zulu, in this case Old Glory protects harems, slavery and polygamy. The president said the Philippine islands must be kept. We demanded it. Was it the people or capital that wanted to bring the laboring man of this country into competition with the labor that cost from 5 to 15 cents a day? The Philippines were rich in raw materials and factories follow the raw material and cheap labor.

Tax On Porto Rico. In handling the Porto Rico question, he quoted editorials from the Milwaukee Sentinel and the Chicago Times Herald, both republican papers against the taxation of this colony. The republicans say there is no Porto Rico question. They are taxed for their own benefit. In this case the consistency and honor of

the republican party was sacrificed to the trusts. Porto Rico, is taxed without representation.

Speaking of Trusts. In speaking of trusts the republicans claim there are good trusts and bad trusts. They never found a good one and never looked into a bad one. They could find no trust in the Standard Oil Co. but did discover an ice trust in New York. If Bryan is elected trusts will have to go whether democratic or republican. And if I am elected governor of Wisconsin and I believe I will be, nothing will stand in the way of my doing right.

In speaking of the primary election law he said it shut the poor man out and only the rich could secure nominations. Minnesota was experimenting with the law in the city of Minneapolis and it would be well to see how it worked there before this state took it up. There is much talk about prosperity. Germany and France are prosperous, yet there is no McKinley, no Mark Hanna there. Much is said about the full dinner pail. The men whom Abraham Lincoln sought to free had full dinner pails.

Best Serve the Country. In closing Mr. Bohmrich urged those present to go and hear the next republican speaker and not to vote either ticket unless they were convinced that it would best serve the country.

On the stage with the speaker were William Smith, chairman of the meeting, J. W. Murphy of Milwaukee, N. A. Fitzmaurice of Chicago, J. W. Brooks of Escalante, C. F. Brigham of Sheboygan, William Wright of Jefferson, Arthur Broughton, democratic candidate for county treasurer, and P. J. Mount of this city.

ROOTERS WANTED AT MILWAUKEE

Madison Foot Ball Team Will Try to Get a Large Crowd For the Game Next Saturday.

Madison, Oct. 11.—[Special.]—Realizing the seriousness of the contest against Beloit at Milwaukee Saturday, the university football authorities have arranged for a monster student mass meeting to be held at Madison on Friday night, the eve of the great game. The meeting is called for the purpose of arousing enthusiasm among the student body in order to insure the largest possible crowd of rooters to cheer for the Badger's at critical points in Saturday's battle.

It is a familiar precept of Phil King's that teams are strong or weak largely in proportion to the encouragement they receive from the side lines and if a large number of cardinal supporters follow this team to Milwaukee the prospects of victory will be materially increased.

At the mass meeting tomorrow night Coach King and his assistant coaches will speak as will also some members of the team. The University band and several members of the Varsity Glee club will be present and a foot ball song will be practiced to be sung at Milwaukee.

New Training Table. The University Athletic association will have in a few days a training table of its own. Heretofore the varsity team was taken to the local hotels at an enormous cost, but indifferent services.

The second story of the university boat house is to be equipped as a kitchen and large dining hall. An expert cook and corps of waiters will be procured. If the plan proves successful, as it undoubtedly will, much money will be saved to the association and the teams will be more effectively trained than was possible formerly.

WAS SHE VICTIM NO. 2?

Ethel Johnson, Brown's Stenographer, Is Missing.

SOUGHT TO REGAIN HEALTH.

Had Sudden Decline—Young Woman Dies on Train About the Same Time—It Is Thought Dr. Unger May Be a Second Holmes.

Chicago, Oct. 11.—Ethel Johnson, private stenographer and friend of F. Wayland Brown, who is accused of complicity in the insurance plot that ended in the death of Marie A. Defenbach, has been missing for a month, according to Detectives Thompson and Halpin of the central police station, who believe it probable that her disappearance may have been followed by death and that she is another victim in the insurance frauds. About the time this young woman disappeared a "beautiful young woman," said to be closely associated with the men accused of the death of Miss Defenbach, was reported as having died on the train while on the way to California, whither she was said to have started because her health suddenly failed.

Many of Miss Johnson's belongings were left at her home, 2841 North Astland avenue, when she disappeared, which is taken to indicate that the young woman intended to return. It is believed that "Ethel Johnson" is an alias used by the girl while in the employ of Brown and that she took out insurance under another name.

Soon after Miss Johnson disappeared Brown is said to have remarked to a friend that she was in poor health and contemplated a trip out of town.

Brown now wants to furnish a bond so that he can get out of jail and knock the underpinning from the case as far as he is concerned. He sent for a friend today, and handing him a list of names, requested him to look the persons up and discuss the question of bail with them. The action of the prosecution in obtaining additional complaints against the prisoners has blocked the proposed habeas corpus proceedings, as new bonds would be required if the new complaints were served. It is Brown's opinion that his freedom is necessary in order to clear his skirts of the charge against him. He is even willing to aid the police.

New evidence which has set the police to work on the theory that Marie A. Defenbach is still alive was secured today in a telegram from Chief of Police John S. Ingram of Roseland, British Columbia. The telegram, which was addressed to Chief of Detectives Collieran, reads:

"F. H. Smiley registered here from

Iowa City from December to March. Business unknown. All correspondence from Chicago. JOHN S. INGRAM, Chief of Police."

Was Smiley's object in visiting British Columbia to make preparations for the boarding of Marie Defenbach? Is that woman now in the British Columbia? To settle these questions Capt. Collieran will communicate with Chief of Police Ingram, requesting further information as to Smiley's visit there.

Realizing that Frank H. Smiley's declaration that Dr. August M. Unger is the chief conspirator in the conspiracy in which Marie A. Defenbach is alleged to have been murdered to gain her life insurance, F. Wayland Brown is now planning to be tried separately, should indictments against the three be found by the grand jury at its next sitting. Without doubt Smiley will take the stand as a witness for the prosecution and relate his entire connection with the case. Brown, too, the authorities feel sure, will seek cover and shift upon Dr. Unger all responsibility for the plot to rob the New York Life Insurance company, the Canadian Order of Foresters and the Knights and Ladies of Honor and the subsequent death of Marie Defenbach, the insured. It is not the plan of the prosecution to show favors to Brown, as all necessary evidence against him is said to have been collected by city detectives and the Mooney & Boland agency, of which he was assistant manager.

This evidence has accumulated rapidly since Sunday, on which day the bench warrants were issued by Judge Gibbons. State's Attorney Deneen was advised of the affair two weeks ago, when the story related by Smiley to John Boland, principal of the Mooney & Boland agency, was told him and his assistant, Mr. McEwen.

Harmony at Lansing.

Lansing, Mich., Oct. 11.—The outlook for the settlement of the differences which have divided the two houses of the legislature for the last four years is very promising, and unless all signs fail Saturday night will see passed a joint resolution submitting to the people a proposed amendment to the constitution whereby the legislature may require railroad and other corporations to pay an ad valorem instead of a specified tax, and also the passage of a bill repealing the special charters of the Michigan Central, Lake Shore and Grand Trunk companies, placing those companies under the operation of the general railroad law.

THE PROBLEM.

DOROTHY in the nursery can calculate the price of Ivory Soap per cake, but it would take a mathematical genius to calculate its true value. For he must take account of time, labor, and materials. He must deduct from the apparent cost the saving in the longer life of the cake, in the longer life of the washed fabric, in the labor required, in the time consumed, in the strength expended, in the results obtained. When all is finished, Ivory is the cheapest soap in the world. It floats.

He died in less than two minutes after striking the ground. This was his three hundred and twenty-first ascension during the last twelve years.

Youtsey May Become Insane.

Georgetown, Ky., Oct. 11.—Henry Youtsey has remained in a comatose condition all day. Whether that is due to the opiates administered to quiet

Dr. Garrick says he is in an extremely critical condition and may become permanently insane. The trial will not proceed until he gets over his hysterical condition.

POND'S EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

POSITIVE PROOF

Should Convince the Greatest Skeptic in Janesville.

Because it's evidence in Janesville. It's from a citizen, perhaps a neighbor. Investigation will confirm it.

Mr. E. Dillenbeck, of 126 Milton Ave, retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples drug store, I had her use the remedy. It did for her all that could be expected. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

KNIGHTS TEMPLAR HONOR COL. GOLDIN

PRESENTED WITH A HANDSOME
BADGE IN MILWAUKEE.

Mr. Goldin Occupies Position of Past
Grand Commander of This Branch
of Masonic Order, and Is Very
Popular with His Lodge Associates
Throughout the State.

On Tuesday afternoon, during the
meeting of the Grand Commandery
held in the Masonic Temple, Milwau-
kee, Past Grand Commander Col. T.
W. Goldin of this city, was presented
with an elegant Knight's Templar
badge by the Grand Commandery of
Wisconsin.

The pin with the bar from which it
hangs is about four inches in length
and is solid gold set with different col-
ors of enamel with the Masonic em-
blems inlaid with gold in the enamel.
The bar from which the charm is
hung is in the shape of an oval upon
which is inscribed in black enamel
letters "Past Grand Commander of
Wisconsin." The pendant is a large
sized Knight Templar charm in black
enamel with the words "In Hoc Signo
Vincis" in gold.

In the center of the pin is a hand-
some diamond. Extending from the
sides of the K. T. charm is a large
cross mounted in red enamel with the
different features of office set in gold
in the enamel. On the lower arm of
the cross is a scroll on which appears
in letters of black enamel "Grand
Commander of Wisconsin." On the
reverse side of the pin is inscribed
"Presented to Theo. W. Goldin by
the Grand Commandery K. T. of Wis-
consin."

It is a beautiful and costly emblem
and shows the esteem felt for the
Grand Commandery for Col. Goldin.
The presentation speech was made
by Alexander E. Matheson of this city
in his usual graceful manner. Col.
Goldin accepted the emblem and in
a few well chosen words thanked the
members for the beautiful tribute.

Col. Goldin retired from office a
year ago and it was voted at that time
that an emblem should be presented
the retiring grand commander, so the
gift was not wholly unexpected.

IMPROVEMENTS IN A BAKERY PLANT

The Colvin Baking Company are con-
templating extensive improvements in
their baking plant. The latest addition
to the plant is a mammoth dough mix-
ing machine which has a capacity of
three barrels of flour at a time, and
will do the work of six men. This machine
is built by the J. H. Day Company of
Cincinnati, Ohio. It is operated by an
electric motor and is the first machine of
the kind to be put in use in this city.
A new patent oven, what is known as a
continuous steam baker will be put in,
and the entire bake shop changed
around. When these improvements are
completed they will have one of the best
bakeries in this section of the country.

ROYAL WELCOME FOR LA FOLLETTE

Receive Him—Senator Quarles
Speaks at Augusta.

Medford, Wis., Oct. 11.—With the
population of this little city of 3,000
people, reinforced by farmers who came
in with teams, lining up either side of
the tracks, the train bearing the repub-
lican nominee for governor came into
the station at 1 o'clock yesterday after-
noon, nearly an hour late. A mighty
cheer was given as he alighted. There
were 1,200 people in the hall when G.
W. Adams, the chairman of the county
committee, introduced Mr. La Follette,
who was received with a perfect ovation.
He discussed the trust question, and
closed with an appeal in favor of a pri-
mary election law.

handled the democratic paramount issues
without gloves.

SOPHOMORES WON FROM FRESHMEN

The football game between the soph-
more and the Freshman teams at Ath-
letic park yesterday afternoon, resulted
in a score of 11 to 0 in favor of the
sophomores. The class "rooters" were
out in full force and cheered their re-
spective teams to make every effort to
win.

The sophomores were too heavy for the
Freshmen and then the Freshmen played
but ten men. They put up a plucky
game and, in the first half held their
opponents in a manner that surprised
them.

In the second half, the hard work of
the first half told on the Freshmen and
the Sophomores had the best of it. Joyce
made two touchdowns and McNitt kicked
a goal. Joyce was ably protected by
Brooks. Palmer made a number of long
gains and Murrick also did good work.
Miltimore did the best work for the
Freshmen.

Supt. D. D. Mayne and Prof. Dudley
acted as the officials. The line up was
as follows:

HOT CAMPAIGN ON OVER IN HAWAII

Republican and Democratic Parties
Are Contesting for the Control
of the Sandwich Islands.

Honolulu, Oct. 5, (via San Francis-
co, Cal., Oct. 11).—The political cam-
paign in the territory has begun in
dead earnest and has assumed a tone
of some bitterness. The republicans
formerly opened their campaign on
this island at Waihalua last Saturday
night. The principal speaker was
Sam Parker, candidate for delegate to
congress. The democrats opened
their support nearly the whole of
their campaign at Havi on the is-
land of Hawaii, where Prince David
Kawananakoa, the candidate for de-
legate to congress, was the principal
speaker.

The republicans have enlisted in
their support nearly the whole of
the plantation and moneyed interest,
and it is said expect to spend at least
\$25,000 in the campaign. The democ-
rats have surprised everybody by
being able to raise a larger campaign
fund than any one supposed they
could, but it is small in comparison
with that of the republicans.

Expect 10,000 to Register.

The Nation's Condition Shown in Labor Day Demonstration.

Striking Contrast Compared with the Conditions Which Surrounded the Same Class of Men Four Years Ago.

The demonstrations in every city and hamlet in this country on Labor day, when the industrial populations poured through the streets in marching order, were certainly gratifying, whether regarded merely as a picturesque display of the forces of society or as a token of the united spirit which guides the destiny of the nineteenth century workman. Rank after rank the marchers in labor's great annual parade presented the most convincing evidence of the industrial prosperity that prevails throughout the United States. In its personal appearance, as well as in numbers, the testimony admitted of no question. For hours an army of well-fed, well-dressed, cheerful workmen filed through the streets of all large cities, and in small hamlets the parades were none the less marked. This year's Labor day parade was essentially a demonstration of the employed fairly aglow with the signs of satisfaction over plenty of labor at more remunerative wages than labor has known in six years. This year's demonstration was the largest, the best-dressed, the best-fed and the best paid procession of workmen this country has ever seen. There was expansion in its step, its smile and its waist measure.

Scarcely four years ago, under the last Democratic administration, there was a great agitation for free soup houses, where the workmen who were out of work, under President Cleveland's administration, could get free soup to keep them from starving. Those same workmen, under only a couple of years of William McKinley's administration, are now eating sirloin steaks, and the grounds where the thousands of soup houses stood four years ago, are now covered with factories, employing thousands of men at good wages. Yet the democratic party leaders, from Mr. Bryan down, are trying to have the workmen to vote to go back to the soup house condition again. The American workman will not vote himself out of a good steady job at good wages for all the soup houses that the last Democratic administration produced. They are all voters. Every man who holds in his hand an implement of labor also holds a ballot. For the first time in the history of the labor movement in this country and under a republican administration, the general prosperity of the country includes the prosperity of labor. The steadily increasing prosperity in the business world was distinctly reflected in the neat and satisfied appearance of the different organizations. The men and women marched like people who are self-confident and self-assertive—who know that they are a mighty force in the work of widening and strengthening the nation's fields of industry. They marched like men who dignified labor by stamping it with their own manliness.

Of all our annual exhibitions none is more impressive than that of Labor day. It is a grand demonstration of wealth-producing forces, and of the opportunities which come to men in this free country under a republican form of government and administration. The thousands of workers who make up these annual parades are in truth, as is often said, the brawn and sinew of the nation, but they also represent a progressive intelligence such as it would be impossible to discover in the same citizenship of other lands. From their ranks will spring many of the men of affairs and influential public men of the future.

Questions of politics should not be mixed with the principles which are at the root of all labor organizations. Labor is organized for purely economic purposes. But this year the issue at stake is one which vitally affects the economic welfare of the whole people, and it is only natural that the workmen should regard it as worthy of their best study, both as individuals and as members of trade organizations. They will not let democratic calamity howlers fool them, as they have not yet forgotten the last "democratic times" of only a few years ago. We hear of their philanthropy and immense donations to the poor, but when they give a dollar they take two dollars off the workers' wages.

A majority of the people of this country don't want to ruin the industries of the country nor do they want an aristocracy of class. They want a government by and for the people, such as we have had for the past four years, and will have for the next four, labor voting—selfishly, perhaps—for its own prosperity.

When the workman is prosperous, the whole nation is prosperous.

Better Lend Than Borrow.

Mr. Bryan "views with alarm" the fact that Americans are lending money to Great Britain, Germany and Sweden. He thinks the lenders are unpatriotic. Americans are glad to have money to lend. Under a democratic administration they had to borrow \$262,000,000 abroad, and that in gold. Mr. Bryan's election would mean a return to that undesirable position.

Lincoln on Bryanism.

President Lincoln said in his first inaugural address: "The power conferred to me will be used to hold, occupy and possess the property and places belonging to the government." Mr. Bryan wants to say in his first inaugural address: "Seattle."

Hopeless and Helpless.

The consequences of a diseased condition of the stomach and digestive and nutritive system are most disastrous to the whole body. One by one every organ may become involved. The misery is maddening. The most extreme cases of "stomach trouble" and the evils resulting from it have been cured by Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, purifies the blood and builds up the body with sound healthy flesh.

"I was taken with severe headache," writes Thomas A. Swartz, Box 103, Sub-Station C, Columbus, Ohio, "then cramps in the stomach, and my food would not digest, then kidney and liver trouble, and my back got weak so I could scarcely get around. I just gave money to the doctors whenever I thought they would do me any good, but the more I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of chair, and I got so thin I had given up to die, thinking that I could not be cured. Then I saw one of my neighbors boys and heard, 'Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me so I thought I would get another, and after I had taken eight bottles in about six weeks I was weighed and found had gained twenty-seven (27) pounds. I have done more hard work in the past eleven months than I did in two years before, and I am as stout and healthy today, I think, as I ever was."
